IMPERIAL E-COMMERCE PLATFORM: DSF

WHAT IS A DIGITAL STOREFRONT?

- A flexible, e-commerce workflow personalized storefront ordering site. The Digital StoreFront™ is a powerful tool used to streamline your ordering process while keeping your organization's material coordinated, consistent and relevant.
- Users can access online catalog of printed or warehoused products from any network/Internet or Intranet accessible web browser as a single sign-on.
- When the document is ready for submission, the user approves the item and it is added to their shopping cart for easy ordering. Template-driven documents can be of virtually any size, contain multiple pages, support any output device (whether digital, POP or conventional offset) and contain variable text and graphics. The PDF-based templates may contain any fonts, support any colors, and be set to virtually any output resolution necessary to deliver the quality and workflow integration your particular application demands.

TOP BENEFITS FOR USERS

- Lowers ordering costs
- Provides self-service, easy ordering 24/7
- Order from existing templates with built-in, standard job tickets
- Maintain control over access, approvals and budget limits
- View order status, order history and reorder status of submitted jobs
- Live inventory management

TOP FEATURES

- Each storefront is accessible on a desktop, tablet and mobile devices. As a result we offer the same world-class e-Commerce experience that you get at the office, at home or on the road.
- The most compelling, attractive and feature-rich e-Commerce storefront solution in the industry
- Accurate and precise variable-data printing options with online proofing
- Imperial's Digital Storefront is the industry leading web-to-print e-Commerce platform
- StoreFront Fulfillment
- Order with Credit Card, account codes or PO# Billing
- We offer a branded re-designed interface for ease-of-use
- Powerful online preview capability
- Select print options, provide files, and preview your selections all on a single page – making online ordering easy
